PRESENTS

# ALWAYS HAVE ALWAYS WILL

## ABOUT

In your face from the first hardened strum, Rhodes Corduroy's second single

"Always Have Always Will" brings a dramatically different energy to the table from their debut release, "Mean Young Mystery Man." This second song, while a more superficial journey, still declares a powerful message at its core: "I always have, always will follow just the way that I feel." The song explodes with powerful confidence and independence with piercing voals, forceful guitar tracks, and a full-steam-ahead bassline.

## LYRICS

When I was young I thought I knew everything  
But now I know that I must be my only friend

No I don't care anymore

No I don't care anymore

'Cause I always have always will

Follow just the way that I feel and I

always have always will yeah

And I always have always will

Follow just the way that I feel and I

always have always will yeah come on

When I had sight I believed everything

But now I see the world is coming to an end

No I don't care anymore

No I don't care anymore

'Cause I always have always will

Follow just the way that I feel and I

always have always will yeah

And I always have always will

Follow just the way that I feel and I

Always have always will yeah

(chorus repeats)
